UK, Social Media-Nutzer, 14-24 Jahre alt. Auswirkungen auf das Wohlbefinden

A blurred night street scene in a city. In the center, a person in a light-colored hooded jacket and dark pants stands facing away from the camera. To their right, a woman in a striped shirt and dark pants walks away, carrying a large bag. The background shows a multi-story building with balconies and a car with its headlights on. The overall atmosphere is dark and busy.
